

Boulder City High School Bell Schedule

Weekly Instructional Guide for Distance Education 2020-2021

Students: Following a weekly schedule will help you keep up with your learning while you are at home. Your teachers will help you decide how to spend your time. Do not forget to get some physical activity each day. If you have other children in your household, you can set a great example by reading with them and helping them with their school work. Attend your real-time, live classes each day and complete all assignments and tasks as assigned. Reach out to your teachers when you need help.

Parents/Guardians: Distance learning will require students to virtually attend real-time, live classes with teachers daily according to the schedule below. Please become very familiar with this schedule and provide support, guidance, and assistance to your child in order to foster a positive work ethic and conducive environment for learning in the home.

Advisory Period: Once a week, students will participate in a real time (live) lesson with a teacher. Teachers will meet with a small group of students for the purpose of advising them on academic, social, or future-planning issues. This Advisory Class will promote meaningful relationships between staff and students. Through weekly meetings with their advisor, students will experience a more personalized learning environment with a structure and set of practices for monitoring and encouraging academic progress and college and career readiness throughout high school. The advisor will act as a coach and advocate who encourages students to achieve to their academic potential.
