Dear Clark County School District Community,

The Clark County School District cares about the safety of every child in our care. We know that maximizing safety on all Clark County School District campuses ensures student success. We are engaging parents/guardians as critical partners in communicating behavioral expectations to all students. Prior to registration for the upcoming school year, we anticipate that you will discuss the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct* and review the material herein during conversations at home. After doing so, during registration in Infinite Campus (IC) we ask you to please check the acknowledgement box or submit the Acknowledgement of Receipt and Review Signature Form to your child's school.

We know that students must be in school to optimize learning and succeed in attaining educational goals. Excluding serious disciplinary infractions, every effort will be made to minimize educational disruptions or exclusionary practices for students not following the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct*. Our priority is to use positive behavior supports, when possible, to encourage appropriate student behavior. When this is not an option, we are committed to equitable and reasonable consequences to foster improvement in student behavior.

Our goal each day is to ensure students feel safe while attending any Clark County School District school. It should be noted that students possessing weapons, specifically firearms or other dangerous weapons, will be immediately referred to law enforcement. We will not tolerate jeopardizing the safety of our students or the Clark County School District community. More about this policy and the consequences for weapons infractions can be found in the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct*.

Additionally, along with the safety of our students, we are committed to the safety of our employees. Student behaviors causing harm to our employees may result in expulsion proceedings and/or law enforcement involvement. Additional information about conduct expected in the classroom, on school grounds, school events, or in distance education can all be found in the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct*.

Thank you for your contributions to assist the Clark County School District with strengthening safety for all. Again, after you have reviewed this document, we ask you to check the acknowledgement box in IC during registration or submit the Acknowledgement of Receipt and Review Signature Form to your child's school. We stand together to create safe and successful schools.

In Partnership,
Dr. Jesus F. Jara
Superintendent of Schools

PURPOSE OF THE DOCUMENT

The purpose of this document is to familiarize stakeholders with specific behavior incidents and the potential consequences for student behavior violations. Additionally, all employees of the Clark County School District will utilize the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct* while determining disciplinary outcomes for students. This document contains all of the individual discipline incident codes with the definitions, Infinite Campus/student accounting code, potential discipline resolution(s), related notes, and resources, if applicable, associated with each behavior incident.

SAMPLE

Definition: This area will provide the meaning of each behavior incident.			
Infinite Campus Code: XYZ		Resolutions: Staff/Office/Administrative Managed	
Minor	• Listing of potential resolutions utilized by staff	Major	• Listing of potential disciplinary outcomes for students
Notes: Specific notes detailing information related to the behavior incident. Additionally, incident notes assist with what additional requirements may relate to the behavior incident.			
Resources: Additional supporting information from Nevada Revised Statutes (NRS) or other resources in relationship to the behavior incident.			

INCIDENT TYPE DEFINITIONS

In an effort to optimize equitable application of disciplinary consequences for students, it is important to differentiate and define all types of disciplinary incidents. The behavior incident sample table above includes terminology explaining if the behavior incident is staff-managed, office-managed, or administrative-managed referring to the personnel/employees directly addressing the behavior incident.

MINOR BEHAVIOR INCIDENTS Minor Behavior Incidents are staff-managed behavior incidents that are addressed by school personnel such as a classroom teacher, when applicable. Minor Behavior Incidents violate school or classroom rules or procedures.
MAJOR BEHAVIOR INCIDENTS Major Behavior Incidents are office-managed behavior incidents that are addressed by office staff and/or administration. They are severe in nature or are habitually repeated. Major Behavior Incidents that violate Clark County School District Policies and Regulations, impact student or staff safety, or cause property damage may be subject to law enforcement involvement. Major Behavior Incidents include discretionary expellable offenses.
URGENT BEHAVIOR INCIDENTS Urgent Behavior Incidents are administrative-managed behavior incidents that are addressed by administration only with an immediate response. Urgent Behavior Incidents are identified as expellable offenses per NRS or Clark County School District Policies and Regulations.

DISCIPLINE RESOLUTION CRITERIA

In addition to the type of behavior incidents, educators use a criteria to determine the level of consequence being considered for individual students which may vary in range from Minor to Major. The criteria include sections and considerations for Minor Behavior Incidents, Minor to Major Behavior Incidents, Major Behavior Incidents, and Urgent Behavior Incidents. The application of these criteria are useful for all incidents contained in the Behavior Incident Index located on page 10. Educators will analyze the criteria in connection to an individual behavior incident to ensure safety, optimize equitable application related to Behavior Incident Resolutions, and limit exclusionary discipline practices that cause missed school opportunities for students. The discipline resolution criteria are below:

Minor

The behavior incident resolution determinations within the Minor Resolutions involves an analysis of repeated incidents or violations of the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct* on CCSD property or at any district/school-sponsored event or activity. Multiple Minor Resolutions may be required to address student behavior incident violations in a proactive manner.

Questions to consider prior to the issuance of Resolutions in the Minor Category:

- Is the incident isolated to the classroom and easily managed by staff through redirection methods and intervention?
- Can student reflection be promoted to ensure future behavior incidents do not occur?
- Will the behavior incident create a “teachable moment” between educators and students?
- Can the re-engagement of the student to learning happen in the classroom with immediate education professional intervention?

Minor to Major

The behavior incident resolution determinations within the Minor to Major Resolutions involve an analysis of repeated incidents or violations of the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct* that may create safety issues for other students, employees, or the individual student initiating the behavior incident.

Questions to consider prior to the issuance of Resolutions in the Minor or Minor to Major Category:

- *Is the educational professional working with the student able to clearly identify, recognize, and prevent unacceptable behavior occurring in the classroom?*
- *Was the Pre-Kindergarten Through Grade Two Suspension Guidance criteria implemented prior to Suspension With Instruction (SWI) for the pre-kindergarten through second grade student?*
- *Can the educational professional working closest with the student promote self-discipline of the individual student while redirecting the minor infraction to ensure that classroom instruction for all students continues?*
- *Has a counselor or other school professional attempted to determine the antecedent of the behavior(s) creating a violation of the Clark County School District Pre-Kindergarten-12 Student Code of Conduct?*
- *How did the student react to positive redirection when violation(s) of the Clark County School District Pre-Kindergarten-12 Student Code of Conduct occurred?*
- *Has the parent/guardian been informed of previous Minor Behavior Incidents? What evidence exists regarding telephone call logs to parents/guardians, meetings, and electronic or written communication to the student's parents/guardians? Has reasonable effort occurred to contact the parent/guardian?*
- *Were any non-exclusionary disciplinary techniques provided to the student(s) to ensure compliance with the Clark County School District Pre-Kindergarten-12 Student Code of Conduct prior to a Major Discipline Resolution?*
- *Was an educational professional able to distinguish between Minor and Major offenses, and account for first time versus repeated offenses?*
- *Can the individual student accept responsibility with a lesser consequence and articulate the harm caused by a behavior incident violation?*
- *After reviewing the discipline referral, is there a more appropriate solution to serve this student and retract the discipline referral?*
- *If removal from school is an appropriate and allowable resolution, how will the school provide Suspension With Instruction (SWI) to ensure that the student is offered instruction, has real-time access to an instructor, and the suspension does not impact chronic absenteeism?*

Major

The consequence level within the Major Resolutions involves frequency of occurrence related to disciplinary incident(s) and behavior incident severity determinations being made after an analysis of historical school counseling and other proactive efforts, and offered wraparound interventions provided to the student at the school.

Questions to consider prior to the issuance of Resolutions in the Major Category:

- *Could a less punitive discipline resolution within the Major discipline resolution change the student's behavior in a positive way? Are community service efforts on the school campus available for the student to learn from violations of the Clark County School District Pre-Kindergarten-12 Student Code of Conduct (i.e., school cleanup)?*
- *Has parent/guardian contact been ongoing in relationship to previous violations of the Clark County School District Pre-Kindergarten-12 Student Code of Conduct? What documentation exists showing the ongoing communication efforts with parents/guardians? Has reasonable effort occurred to contact parents/guardians?*
- *Did the behavior incident create a substantial disruption on the campus and did the incident jeopardize the safety/wellbeing of others or the individual student involved in creating the behavior incident?*
- *Based on the behavior incident violation, does the discipline determination impact the culture and climate of the school related to adherence to school rules and expectations?*
- *If removal from school is an appropriate and allowable resolution, in lieu of Suspension, is Suspension With Instruction (SWI) being offered to provide the student with daily, real-time instruction and interaction with licensed personnel?*

In relation to Major Behavior Incidents, the following parameters should be incorporated.

Exclusionary Discipline Review

- *First-level Required Parent Conference (RPC) is set at a one (1) day maximum. Prior to any first-level RPC, previous interventions must include:*
 - *Parent/Guardian Notification*
- *Second-level RPC for recurring discipline is set at a two (2) day maximum. Prior to any second-level RPC, previous interventions must include:*
 - *Parent/Guardian Notification*
 - *Specialized Instructional Support Personnel (SISP) Referral*
- *First-level suspension is set at a two (2) day maximum. Prior to any suspension, previous interventions must include:*
 - *Parent/Guardian Notification*
 - *SISP Referral or Harbor Referral*
 - *RPC (two (2) day maximum)*
- *Subsequent suspensions or second-level suspensions are set at two (2) and/or five (5) days depending on behavior incident.*
- *Prior to any recommendation for Academic Center or Alternative Educational Placement (AEP) previous interventions must include:*
 - *Parent/Guardian Notification*
 - *SISP Referral or Harbor Referral*

Urgent

Urgent Behavior Incidents may lead to expulsion recommendations unless the incident involves weapons as defined in Nevada Revised Statutes (NRS 392.466).

This includes classrooms, hallways, locker rooms, cafeterias, restrooms, gymnasiums, playgrounds, athletic fields, school buses, parking lots, and other areas on the premises of a school.

IV. Reporting of Bullying and Cyber-bullying

A. Students

It is the policy of the Clark County School District to encourage students who are subjected to, witness, or overhear incidents of bullying and cyber-bullying to report such incidents. Students should report any incident(s) of bullying and cyber-bullying to a teacher, counselor, or school administrator. Students are also encouraged to report knowledge of bullying and/or cyber-bullying via the Clark County School District "Say No to Bullying" Web site that allows individuals to anonymously report unlawful activities. However, students should be aware that the Clark County School District "Say No to Bullying" Web site is not monitored after school hours, or during weekends and holidays.

C. No cause of action may be brought against a student, an employee, or volunteer of a school who reports a bullying and cyber-bullying incident unless the person who made the report acted with malice, intentional misconduct, gross negligence, or intentional or knowing violation of the law.

D. If the principal determines that the report was false and that the person who made the report acted with malice, intentional misconduct, gross negligence, or intentional or knowing violation of the law, the principal may recommend the imposition of disciplinary action or other measures against the person in accordance with District policies that govern disciplinary action.

V. Investigation of Reported Violation

A. Upon receiving a report of bullying or cyber-bullying, the principal or designee shall immediately take any necessary action to stop the bullying or cyber-bullying and ensure the safety and well-being of the reported victim or victims of the bullying or cyber-bullying and shall begin an investigation into the report. If the principal or designee does not have access to the reported victim of the alleged violation, the principal or designee may wait until the next school day when he or she has such access to the reported victim to take the action required by this paragraph.

When ensuring the safety and well-being of the reported victim, the principal or designee will not take action to cause harm to the reported victim such as requiring the reported victim to change classrooms or isolating the reported victim from his or her peers.

B. Notification of Reported Violation of Bullying

1. The investigation must include notification provided by telephone, electronic mail or other electronic means, or provided in person, of the parents or guardians of all students directly involved in the reported bullying or cyber-bullying, as applicable, either as a reported aggressor or as a reported victim of the bullying or cyber-bullying. The notification must be provided:
 - a. If the bullying or cyber-bullying is reported before the end of school hours on a school day, before the school's administrative office closes on the day on which the bullying or cyber-bullying is reported; or
 - b. If the bullying or cyber-bullying was reported on a day that is not a school day, or after school hours on a school day, before the school's administrative office closes on the school day following the day on which the bullying or cyber-bullying is reported.
2. If the incident of bullying or cyber-bullying was reported via the Clark County School District "Say No to Bullying" Web site, the principal or designee shall be deemed to have received information about the incident on the next school day after which the student or parent reports the incident using the Internet Web site. After the principal or designee is deemed to have received the information, the regular timelines set forth in paragraph (1) commence.
3. The notification may not include personally identifiable student information other than the name of the parent's child to whom the notice is addressed, and is not required to label the student's alleged role in the incident.

The principal or designee must maintain a record of each notification made pursuant to paragraph (1), including all good faith efforts to notify a parent or guardian if the contact information for the parent or guardian is not correct.

C. Interviews

1. Each investigation of a report of bullying or cyber-bullying must be conducted thoroughly and impartially in a manner that does not further traumatize the reported victim and must include, without limitation, an interview with:

3. The principal or designee must document the date, time, subject, and content of each interview conducted and maintain the documentation in a manner that is consistent with the policy governing maintenance of disciplinary records.

D. Timeline for Investigation

1. The investigation must be completed not later than two (2) school days after the principal or designee receives a report of bullying or cyber-bullying. If extenuating circumstances prevent the principal or designee from completing the investigation within two (2) school days after making a good faith effort, one (1) additional school day may be used to complete the investigation.

2. If a law enforcement agency is investigating a potential delinquent act or crime involving an alleged violation of the bullying or cyber-bullying law, the principal or designee may, after providing the notification required in paragraph (B), defer the bullying investigation until the completion of the criminal investigation by the law enforcement agency. If the bullying investigation is deferred, the principal or designee shall immediately develop a plan to protect the safety of each student directly involved in the alleged violation. If law enforcement has provided a projected date for completion of the criminal investigation, the principal or designee shall provide that time estimate to the parents or guardians of the students directly involved.

E. Written Report

1. A principal or designee who conducts an investigation shall complete a written report of the findings and conclusions of the investigation.
2. If a violation is found to have occurred, the report must include recommendations concerning the imposition of disciplinary action or other measures to be imposed as a result of the violation, in accordance with the Clark County School District Regulation 5141.1. The report must also include recommendations for the imposition of restorative disciplinary actions or other measures to be imposed that the principal or designee determines will assist the reported aggressor to see the harm that his or her actions may have caused, to repair that harm, and to not engage in bullying or cyber-bullying in the future.
3. If a violation is found not to have occurred, information concerning the incident must not be included in the permanent record of the reported aggressor. Due to data reporting requirements, the unsubstantiated reports will be expunged from the reported aggressor's discipline record following data report.

 - (3) Appeal the outcome of the investigation or disciplinary decision made against the student in the manner prescribed in Section VII below.

F. Follow-Up

Not later than 10 school days after receiving a report of bullying or cyber-bullying, the principal or designee shall meet with each reported victim of the bullying or cyber-bullying and each reported aggressor, regardless of the outcome of the investigation, to inquire about the well-being of the reported victim and to ensure that the reported bullying or cyber-bullying, as applicable, is not continuing.

The principal or designee must also develop and carry out a plan to support the physical and emotional well-being of the reported victim and the reported aggressor which is designed to ensure that the reported victim and the reported aggressor are not further harmed, such as allowing the reported victim to make up any test or homework assignment that he or she missed or failed to submit as a result of the bullying or cyber-bullying.

- G. To the extent information is available, the principal or designee must provide, to a parent or guardian of a student to whom notice of a reported bullying violation was provided under Section V(B)(1), a list of resources that may be available in the community to assist a student, as soon as practicable, and which may be provided in person or by electronic or regular mail. If a list is provided, the principal or designee, or any employee of the school or the District, is not responsible for providing the resources to the student or ensuring the student receives the resources.
- H. If a violation of the bullying or cyber-bullying law is found to have occurred, the parent or guardian of the student who is a victim may request to be assigned to a different school. Upon receiving such a request, and after consultation with the parent or guardian, the District will assign the student to a different school.

VII. Appeal Process

A. Appeal Process for the Alleged Aggressor/Bully

1. The parent/guardian of the alleged aggressor/bully has ten (10) school days to appeal the outcome of the bullying investigation and/or appeal the disciplinary decision the principal or designee made against the student as a result of the violation.
2. If the assistant principal or dean issued the initial student discipline, then the parent/guardian may appeal to the principal. In these cases, there is no right to another appeal with the school associate superintendent.
3. If the principal issued the initial student discipline, then the parent/guardian may appeal to the school associate superintendent assigned to that school.
4. Upon receiving an appeal request, the principal/school associate superintendent (as applicable) must contact or meet with the parent/guardian to hear concern(s) within five (5) school days from the date of the request. Within ten (10) school days following the contact/meeting, the principal/school associate superintendent must inform the parent/guardian of his/her decision: uphold, modify, or rescind the decision. Extensions of this timeline may be made by the District if needed, and parent will be notified of any extensions via telephone, email, or in person.
5. For discipline that does not result in a recommendation for behavior school or expulsion, the decision of the principal/school associate superintendent (as applicable) is the final level of appeal at the District.
6. If a student is referred to behavior school or for expulsion, the same process outlined above should occur, however, the process will continue through the appeal process administered by the Education Services Division (ESD). After the ESD appeal is complete, the District's decision is final.

Not later than 30 days after receiving notification of the final decision of the District, the parent/guardian may submit a complaint/appeal to the Office for a Safe and Respectful Learning Environment within the Nevada Department of Education concerning the outcome of the appeal or an alleged violation of the bullying laws. The procedures for submitting a complaint/appeal are set forth in State administrative regulations (Chapter 388 of the NAC), a copy of which will be distributed annually to all parents/guardians of students enrolled in the District.
8. This appeal process applies to school issued bullying/cyber-bullying disciplinary action only. It does not apply to any citation or action imposed by the Clark County School District Police or local law enforcement when the conduct also involves a criminal offense.

B. Appeal Process for the Alleged Victim/Target

1. The parent/guardian of the alleged victim/target may appeal a determination that the bullying was "unsubstantiated" within ten (10) school days of the issuance of the initial determination contained in the Bullying Written Report.
2. The level of discipline imposed/not imposed is not subject to appeal by the victim/target at the local level given that the District cannot disclose those details to the parent/guardian of alleged victim/target under FERPA.
3. If the assistant principal or dean issued the initial finding/decision contained in the Bullying Written Report, the parent/guardian of the alleged victim/target may appeal to the principal. In these cases, there is no right to another appeal with the school associate superintendent.
4. If the principal issued the initial finding/decision contained in the Bullying Written Report, the parent/guardian of the alleged victim/target may appeal to the school associate superintendent.
5. Upon receiving an appeal request, the principal/school associate superintendent (as applicable) must contact or meet with the parent/guardian to hear concern(s) within five (5) school days from the date of the request. Within ten (10) school days following the contact/meeting, the principal/school associate superintendent must inform the parent/guardian of his/her decision: uphold, modify, or rescind the decision. Extensions of this timeline may be made by the District if needed, and parents will be notified of any extensions via telephone, email, or in person.
6. The decision of the principal/school associate superintendent constitutes the final decision at the school district level.
7. Not later than 30 days after receiving notification of the final decision of the District, the parent/guardian may submit a complaint/appeal to the Office for a Safe and Respectful Learning Environment within the Nevada Department of Education concerning the outcome of the appeal or an alleged violation of the bullying laws. If a student must cross the road, walk forward ten (10) feet or more; wait for the driver's signal, then cross when it is safe to do so.

 - 3. The Education Services Division Hearing Panel must consider the nature of the offense; the student's disciplinary history for one calendar year prior to the recommendation for expulsion; the student's academic record and academic concerns; as well as any district regulations, and state or federal laws.
 - 4. If the Education Services Division Hearing Panel determines that the student has committed the offense for which the student has been charged, the Education Services Division Hearing Panel may decide on:

- a. Permanent expulsion - Permanent expulsion means permanent removal of a student from a regular school campus and contemplates no trial enrollment except for alternative school placement.
 - b. Limited expulsion - Limited expulsion allows a student to return to a regular school campus, which may or may not be the campus from which the student was expelled, on a trial enrollment following a successful period of alternative school placement, except that no student who has been twice expelled for an offense for which a mandatory expulsion recommendation must be made in accordance with Clark County School District Regulation 5141.1 may be granted more than one (1) trial enrollment in Grades 6 through 8 and one (1) trial enrollment in Grades 9 through 12.
 - c. A modified plan for school placement.
- 5. If the disciplinary offense falls under NRS 392.466, mandatory expulsions, and the Education Services Division Hearing Panel determines that the student did commit the disciplinary offense, the Education Services Division Hearing Panel has the authority to modify the expulsion recommendation, if such modification is made in writing and the Education Services Division Hearing Panel determines that a restorative plan of action may be used successfully.
- E. If appropriate, the assistant superintendent, Education Services Division, may process an appeal directly to the Board of School Trustees Expulsion Review Board.
- F. If the Education Services Division Hearing Panel upholds the decision to expel the student and the parent/guardian does not agree with the decision of the Education Services Division Hearing Panel, the parent/guardian may appeal the decision to the Board of School Trustees Expulsion Review Board.
- G. An appeal to the Board of School Trustees Expulsion Review Board must be requested in writing and submitted to the assistant superintendent, Education Services Division, or designee no later than fourteen (14) days after receipt of the decision of the Education Services Division Hearing Panel.

PARENT/GUARDIAN RIGHTS AND STUDENT SEARCH INFORMATION

PARENT/GUARDIAN RIGHTS

It is the intent to provide opportunities for parents/guardians to participate in the education of their child(ren), under law, commensurate with each school's responsibility for student health, safety, and welfare. Within every school, the principal and staff have the responsibility and authority for maintaining an orderly, safe and respectful learning environment. The rights and responsibilities presented in this section reflect the need for providing parents/guardians with opportunities to participate in and advocate for the educational welfare of their child(ren) as mutually supportive and respectful partners in the education of their children.

As a parent/guardian, you have a right to be included in all aspects of your child's education through meaningful, respectful participation due to each member of the school community. You have the right to access your child's school records within the guidelines defined by the Family Education Rights and Privacy Act (FERPA). Parents/Guardians are informed in advance about school rules, including disciplinary rules and procedures, and possible behavior incident resolutions. Parents/Guardians can participate in local school organizations and volunteer activities as well as participate in decision-making processes affecting school policies and procedures.

As a parent/guardian of a Clark County School District student(s), it is your responsibility to work with school staff and review the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct*, *Educational Involvement Accord*, and the *Nevada Code of Honor* with your child(ren). Prepare your child(ren) for the understanding that they are responsible for their own behavior in school, at school sponsored activities, and on the way to and from school. Prepare your child(ren) to assume responsibility for their own behavior and regular compliance with attendance rules and procedures. It is essential to recognize that school staff have the right to enforce all policies, rules, and regulations of the Clark County School District.

STUDENT VICTIM(S) AND PARENT/GUARDIAN NOTIFICATION

Parents/Guardians of students who may be victims as a result of other students violating a code in the Behavior Incident Index should be contacted immediately or soon after the facts are identified in relationship to the potential impact to a student victim. Some parental collaboration with law enforcement will be necessary in certain instances; however, the Clark County School District administration recognizes that student victims and the parents/guardians must be made aware of information and facts that may directly impact the well-being of their child(ren). Communication with families must remain a priority as they are, in fact, our partners in educating the children of the Clark County School District.

STUDENT RIGHTS AND RESPONSIBILITIES

STUDENT RIGHTS AND RESPONSIBILITIES

It is the intent to allow students maximum freedom under law, commensurate with each school's responsibility for student health, safety, and welfare. The rights and responsibilities presented in this section reflect the need for providing students with greater opportunities to serve themselves and society. A goal of all public education is to have students become responsible adults in a free society.

This requires that students learn to be sensitive to the needs and rights of others and to be aware of the consequences of the actions of themselves and others. Students therefore have a responsibility to protect the rights of other students. Students must realize that every right implies a responsibility, and that they should conduct themselves appropriately. It is the student's responsibility to make appropriate choices on and off campus and report any safety concern to school staff.

Students enrolled in the Clark County School District have the responsibility to abide by the *Clark County School District Pre-Kindergarten-12 Student Code of Conduct*, the *Educational Involvement Accord*, and the *Nevada Code of Honor* as it is an obligation of schools to provide a safe and respectful learning environment. Within every school, the principal and staff have the responsibility and authority for maintaining an orderly educational process. School rules are necessary to place limitations on unacceptable behavior in school. They serve not only to restrict undesirable behavior, but also to teach proper behavior. Students are citizens of the greater Clark County School District community and represent Clark County schools at all times.

AFTER-SCHOOL CARE PLAN

AFTER-SCHOOL CARE PLAN

Some Clark County School District schools partner with local government entities to provide after-school care to the Clark County School District students who are in need of supervision at the end of the school day. In schools that have an after school care program or Safekey, correspondence will be sent home including a "Parent Letter" and "After-School Care Plan: Parental Agreement & Authorization" to all students. Parents who have already registered their child(ren) for Safekey still need to be aware of the After-School Care Plan and complete the authorization. In the event the family owes a fine to Safekey, the authorization would be used to transport the child(ren) to a local Boys and Girls Club.

CLARK COUNTY SCHOOL DISTRICT
2501 SUNRISE ACRES • LAS VEGAS, NV 89101 • (702) 799-1196

Dear Parent/Guardian:

Student safety is a top priority at the Clark County School District (CCSD). Specifically, the after-school care of our students is of great importance. It is critical that you communicate with your school in regards to how your child will safely leave school each day.

CCSD understands that at times circumstances may prevent the timely pickup of a student. Therefore, it is critical that alternate arrangements have been made for after-school care. In case of an emergency and a student is not picked up at the end of the school day, school staff will make an effort to reach parents/guardians and emergency contacts to arrange for student pickup. In the event that a parent/guardian or emergency contact is not reached, the school will follow the Clark County School District After-School Care Plan.

Please note, below is our after-school care plan when a student is not picked up after school.

- When a student is not picked up the first time, the student is sent to Safekey at the site (unless there is an outstanding debt or no signed parent authorization). The parent is responsible for the cost of Safekey.
- When a student is not picked up the second time, the student is sent to Safekey at the site (unless there is an outstanding debt or no signed parent authorization). The parent is responsible for the cost of Safekey.
- When a student is not picked up the third time, the student is transported to the Boys and Girls Club (unless there is an outstanding debt). The parent is responsible for the cost of Boys and Girls Club.
- In the event there is an outstanding debt at either Safekey or Boys and Girls Club, the student may be transported to Child Haven/Child Protective Services.
- When a student is not picked up the fourth time, the student is transported directly to Child Haven/Child Protective Services.
- Any time a student is transported to Child Haven, a Child Abuse/Neglect Report is filed.

CCSD has partnered with several community agencies that provide after-school care programs for students. CCSD encourages all parent to enroll their students in after-school care programs in case an emergency prevents the parent/guardian from picking up his or her child from school within several minutes after dismissal.

Although the District does not sponsor, endorse, or control any community programs, your school may help you with accessing information regarding after-school care programs such as Safekey and the Boys and Girls Club. However, your school does not register your child. Once again, CCSD recommends that you register your child for Safekey even if you pick him/her up every day in case of an emergency.

Please speak with an administrator at your school to learn more about after-school care options and to discuss questions you might have. It is also extremely important that parents/guardians update their contact information throughout the school year and return the After-School Care Plan: Parental Agreement & Authorization form as soon as possible.

Respectfully,
Foster Care

AFTER-SCHOOL CARE PLAN: PARENTAL AGREEMENT & AUTHORIZATION

I _____, have read the attached letter outlining the Clark County School District After-School Care Plan guidelines. I understand that if my child is not picked up at the end of the school day, school staff will make an effort to contact me and/or someone listed on my child's emergency contact form to arrange for my child to be picked up from school. In the event that I or an emergency contact cannot be reached, I understand that the school will follow the Clark County School District After-School Care Plan.

I also understand that the Clark County School District does not sponsor, endorse, or control any community programs including Safekey and the Boys and Girls Club. I understand that it is required that I complete this authorization, to be used only as an emergency option, if my child is not picked up from school on time and no emergency contact can be reached, in order to avoid my child being transported to Child Haven.

As part of this After-School Care Plan, for the safety of your child, certain information will need to be shared with Safekey or the Boys and Girls Club, if applicable. RE-ENGAGEMENT STRATEGIES

RE-ENGAGEMENT STRATEGIES

A student returning to school after a short-term suspension or other exclusionary disciplinary action may exhibit a range of emotions. The student may feel anger, betrayal, embarrassment, and a sense of distance. The student has missed academic instruction and the social dynamic associated with attending school. It is likely that peers are aware why the student has not been in school; the student's teacher and administrators have talked with parents/guardians who are most likely concerned, and now the student must anxiously return to face peers, teachers, and administrators. Though this situation is far from perfect, what happens next may affect the remainder of the school year for that particular student. This represents a critical moment for connection and problem solving.

Whether the result of a minor infraction or something more problematic, mistakes are how learning occurs. For some, this learning comes harder than it does for others; some mistakes are bigger. It is incumbent upon us to address and correct misbehaviors – and this may mean excluding a child from school.

There are few messages that an educator can send to a child as powerful as, “You can’t be in my classroom right now.” When necessary, it can be a necessary tool to prevent and correct behaviors. However, the removal from school is just the beginning of the corrective process. What happens when a student returns to school is also a critical factor in the process.

Schools and their staff are key to this process and each school should create a system for re-engagement that makes sense for their school community. Schools can improve outcomes for students, make their campuses safer, and reduce the chances that a student will reoffend.

School leadership should encourage a team approach to student re-engagement. This team may include an administrator, counselor, social worker, transition specialist, or other professionals to help guide a successful re-engagement process.

Teams should focus on a process that ensures a smooth transition, appropriate placement, therapeutic support, multi-system collaboration, and one that develops a plan to monitor and evaluate progress. This process is key to establishing student-centered support systems for successful student re-engagement that include safety, support, care and connectedness, engagement and challenge, and peer social and emotional connections.

Parents/guardians will play a key role in successful re-engagement strategies as well. Parents/guardians should talk with their child(ren) and think together about the goals of returning to school. Reflect on how your child's behavior might have looked through the school's eyes. Create a list of suggestions for support and skills your child might need to prevent future problems. Reflect on the facts, as you know them and talk with your child about how the situation could have gone differently and what you expect when they return.

The goal of the re-engagement process is to support the student's ability to be successful in school when they return following a period of short-term or long-term exclusionary discipline.

The Clark County School District has a team approach that consists of administration, counseling support, social workers, transition specialists, if available, and other key professionals that can offer assistance to students. Re-engagement practices will assist students and ensure future discipline offenses are minimized.

THE NEVADA CODE OF HONOR

THE NEVADA CODE OF HONOR

Nevada Department of Education

There is a clear expectation that all students will perform academic tasks with honor and integrity, with the support of parents, staff, faculty, administration, and the community. The learning process requires students to think, process, organize and create their own ideas. Throughout this process, students gain knowledge, self-respect, and ownership in the work that they do. These qualities provide a solid foundation for life skills, impacting people positively throughout their lives. Cheating and plagiarism violate the fundamental learning process and compromise personal integrity and one's honor. Students demonstrate academic honesty and integrity by not cheating, plagiarizing or using information unethically in any way.

What is cheating?

Cheating or academic dishonesty can take many forms, but always involves the improper taking of information from and/or giving of information to another student, individual, or other source. Examples of cheating can include, but are not limited to:

- Taking or copying answers on an examination or any other assignment from another student or other source
- Giving answers on an examination or any other assignment to another student
- Copying assignments that are turned in as original work
- Collaborating on exams, assignments, papers, and/or projects without specific teacher permission
- Allowing others to do the research or writing for an assigned paper
- Using unauthorized electronic devices
- Falsifying data or lab results, including changing grades electronically

What is plagiarism?

Plagiarism is a common form of cheating or academic dishonesty in the school setting. It is representing another person's works or ideas as your own without giving credit to the proper source and submitting it for any purpose. Examples of plagiarism can include, but are not limited to:

- Submitting someone else's work, such as published sources in part or whole, as your own without giving credit to the source
- Turning in purchased papers or papers from the Internet written by someone else
- Representing another person's artistic or scholarly works such as musical compositions, computer programs, photographs, drawings, or paintings as your own
- Helping others plagiarize by giving them your work

All stakeholders have a responsibility in maintaining academic honesty. Educators must provide the tools and teach the concepts that afford students the knowledge to understand the characteristics of cheating and plagiarism. Parents must support their students in making good decisions relative to completing coursework assignments and taking exams. Students must produce work that is theirs alone, recognizing the importance of thinking for themselves and learning independently, when that is the nature of the assignment. Adhering to the Code of Honor for the purposes of academic honesty promotes an essential skill that goes beyond the school environment. Honesty and integrity are useful and valuable traits impacting one's life.
